

How you can contribute!!

"Participate, Motivate, Empower"

Become a Mentor

A Mentor is some who allows you to see hope inside yourself!.....Oprah Winfrey

Mentoring is an unconditional acceptance of a student while guiding them on the path of growth & development. SARTHAK aims to support many such deserving, bright students from financially weaker sections of the society and would sponsor and empower them to become mature, talented, educated & independent adults in their journey. SARTHAK has adopted many such deserving students for mentoring. Your contribution and involvement for the cause would help them achieve their dreams and become their partners in the walk of life!

We have a well-designed mentoring program which includes training for new registered Mentors. In these trainings we took sessions to understand mentoring process. After these training mentees are assigned to Mentors who encourages positive choices, promotes high self-esteem, supports academic achievement and introduces the young mentee to new ideas.

Refer A Student

We see so many needy children around us who are smart, deserving but can't afford education. These children could be of your maid, driver, vegetable vendor etc. We can enrol these children in our Sarthak Maitra project. We give financial support to these children to complete their education.

Become a Doner
